STORYTELLING!
JANUARY HOLIDAY PROGRAMS

ONE ON ONE SESSIONS

Developing Narrative Language Skills

Spectrum Speech Pathology has designed an individual program to support your child's narrative language skills. The program uses a multi-tiered language intervention curriculum to target and develop your child's skills in comprehending and retelling narratives. This program uses Story Champs® as the framework for learning.

The program will focus on essential classroom skills including:

This individual program will focus on:

- Listening comprehension
- Reading comprehension
- Answering questions about stories
- Vocabulary development
- Retelling stories

Where: Moonee Ponds & Ashwood Clinics

12, 13, 14 April 2023
